Ontario's Field Trip Planner for Educators

Attractions Ontario's Field Trip Planner for Educators was developed in consultation with the Student Youth Travel Association, Ontario Motor Coach Association, tour operators focusing on the student travel market, retired teachers, and School Board representatives. This province-wide publication is designed to present quality, curriculum-based educational programs to teachers and youth group leaders across Ontario.

HOCKEY HALL of FAME DIVERSITY IN HOCKEY PROGRAM

EDUCATE, EMPOWER, ENCOURAGE

The Hockey Hall of Fame Diversity in Hockey Program utilizes these four **Principles of Diversity** – **allyship, embracing change, equity, and respect** – to teach and empower youth from a sports and social perspective.

Presented by the Hockey Hall of Fame's lead on diversity, Kevin Yearwood, sessions will spotlight the stories of ground-breakers, today's leaders, and issues challenging inclusiveness in hockey. Each presentation is tailorable to your region, demographic and/or requested focus and is augmented through captivating photographs, videos, artifacts and first-person accounts.

Combining the past with present-day headlines will provide an ideal platform for today's youth to examine, understand and champion diversity.

BREAKING DOWN BARRIERS

EMBRACING CHANGE

BUILDING ALLIANCES

CURRICULUM FOCI:

Ethnicity in Hockey focuses on the plight of visible minorities as well as newer immigrant cultures.

Marginalized People in Top Levels of Pro Hockey looks at pioneers who opened doors and paved the way for hockey players of different ethnicity, gender or sexual orientation.

Women in Hockey pays tribute to the players and teams who helped popularize the female game.

Accessible Hockey delves into the variations of hockey played by those with physical disabilities, including hearing impaired hockey associations and electric wheelchair hockey.

For more information or to make a booking, please contact Kevin Yearwood at 416-360-7735 x 297 or kyearwood@hhof.com | Learn more at HHOF.com/diversity

Little Canada | Little Lessons

We have been building Little Canada in miniature for over ten years and continue to build!

School trips to Little Canada involve visits to our completed miniature Destinations, within which we draw connections to the Ontario curriculum in science, technology, engineering, math, social studies, geography, history, and art. While they are here, students can also interact with many of our artists, engineers, and Destination experts. For more information, please email us to request our Curriculum Connections document for students from grades JK to 12, as well as a Teacher Guide and pricing.

We understand the importance of field trips in enhancing classroom learning and we want you to be certain of the value of your excursion. To do this, it is our pleasure to offer all educators complimentary admission to Little Canada to be used any time during the school year. To redeem this offer, please email groupevents@little-canada.ca from your school email, including your school's name. We truly believe that Little Canada is a great place to learn about our incredible country!

A Creative Approach to Learning

The McMichael's educational programming is based on student-centred dialogue that advances visual literacy, deepens critical and creative thinking, and invites students to bring their own perspective to the art objects they encounter. All conversations and artmaking workshops are designed to develop attitudes, values and skills that nurture growth and well-being and to promote inclusive and active community engagement. The McMichael's proposed learning experiences can be applied across the curriculum and address the Ministry of Education's expectations for each grade level.

Medieval Times Dinner & Tournament

Medieval Times
DINNER & TOURNAMENT

Historical & Educational Performances

Imagine a history lesson presented by a Queen and Her Noble Court, set within the walls of an 11th century castle. Students journey back to the middle ages and witness spectacular horsemanship, amazing swordplay, medieval games of skill and an authentic jousting tournament between six brave knights of the realm. As the tournament unfolds, the castle's serfs and wenches serve your students a feast fit for a Queen! The historical matinee program includes a 30 minute seminar, bird of prey demonstration and meet & greet with the cast after the show.

Enhance your students' classroom curriculum with a memorable and interactive experience for students of all ages. SHSM programming and evening performances also available.

Menu accommodations available including all dietary/allergy needs as well vegetarian, halal and kosher.

Fort Malden National Historic Site

Fort Life in Pioneer Times & The War of 1812

Fort Life in Pioneer Times: Duration: 1.5 hours, offered in May and June
Students will have the opportunity to learn about the soldiers and their families who lived in the 1820 brick barracks. They will also prepare a biscuit on an open hearth and finish the experience with a musket firing demonstration.

Fort Malden in the War of 1812: 1.5 hours, offered year-round
Students are led by a historical interpreter throughout the site, learning about the causes of the war and the lifestyles of the people who lived at Fort Malden. Program includes a hands-on activity, 'mini militia', in which the students dress in youth-sized redcoats and learn soldier's drill. The experience ends with a musket firing demonstration.

Life Systems Series & Intro to Orienteering

Developed by Ontario Certified Teachers, our programs inspire wonder and engage learning, while meeting curriculum standards. The Life Systems Series (K-8) - 8 individual outdoor, nature-based programs—focuses on the interconnection between living and non-living things, and the relationship between humans and the environment. Our history programming (Gr. 9-12) links students to concepts of historical thinking through interactive experiences, such as cataloging artifacts. Our orienteering program (Gr. 7-12) teaches the basics of navigation through activities that test the mind and body. Programs come with supplementary activities and achievement charts for teachers to assess learning upon return to the classroom.

Canada Aviation and Space Museum

From the earliest days of aviation to the exploration of space, the Canada Aviation and Space Museum is where learning takes flight! Hands on, inquiry-based programs immerse your students in the rich history and vibrant future of Canadian innovation. Program themes include the basics of aerodynamics, the development of Canada's aviation and aerospace industry and its impact on society and the environment, as well as the broad range of exciting careers in the industry today.

Canada Science and Technology Museum

Field trips to the Canada Science and Technology Museum will inspire the next generation of innovators! Visit this fascinating museum – completely rebuilt in 2017 – to discover Canada’s innovation story in an immersive, educational and entertaining way. School programs include bridge building, astronomy, electricity, energy, light and geometric optics, liquids and solids, ocean exploration, simple machines and stable structures. Students are invited to discover, play, and experience how people — through curiosity, observation, and creativity — have made Canada and continue to shape its future.

Canada

Canadian War Museum

DISCOVER CANADA'S RICH MILITARY HISTORY. Expand your students' knowledge of the conflicts that have shaped Canada, its people, and the world with a visit to the iconic Canadian War Museum. The Museum is a must-see destination for anyone interested in the cost of conflict and humankind's enduring desire for peace. It explores Canadian military history from early wars in Canada to contemporary conflicts. It features unique architecture, a display of large military artillery, thought-provoking exhibitions, moving personal stories of Canadians in times of war, priceless works of art, and spaces for quiet reflection and remembrance.

Canadian Museum of History

IMMERSE YOUR STUDENTS IN CANADA'S HISTORY. For one of the most rewarding museum experiences, don't miss the Canadian Museum of History. Designed by Indigenous architect Douglas Cardinal, the Museum celebrates the diverse histories, stories and cultures of Indigenous Peoples through galleries, displays and monumental works of art, while also exploring the compelling personal stories that have shaped Canada. Younger groups will love the Canadian Children's Museum, and visitors of all ages will enjoy the thrill of the large-screen adventures at CINÉ+. Deepen your students' knowledge of Canada's history through a wide range of activities and programs.

Diefenbunker: Canada's Cold War Museum

On-Site and Virtual Canadian History Programs

Immerse your students in Canadian history, 75 feet underground.

The Diefenbunker offers a one-of-a-kind experiential learning environment for students to immerse themselves in Canadian history. Combining an informative tour of this once-top secret, four-storey underground bunker with interactive activities and discussion, classes and youth groups can experience the complexities of the Cold War first-hand and discuss the implications on our lives today.

Educational programs are offered on-site and virtually. Topics include: Art and Peacebuilding; Continuity of Government; Daily Life in the Diefenbunker; and Emergency Preparedness.

UPGRADE YOUR PACKAGE TO INCLUDE A GUIDED TOUR OF
THE NIAGARA PARKS POWER STATION + THE TUNNEL!

New bilingual audio tour available with general admission.

Niagara Parks Power Station + Tunnel

The Niagara Parks Power Station + Tunnel provides an educational, entertaining and inspiring field trip for students of all ages!

Your students will learn in-depth how this hydroelectric power generating station, the first major power plant on the Canadian side, harnessed the incredible energy of the Horseshoe Falls and turned it into a great source of electricity for over a century. This hands-on experience will let your class discover STEM and history through immersive exhibits, including the impressive Tesla Coil, and restored artifacts.

Enjoy a guided tour or a self-guided bilingual audio tour with engaging historical and technical insights about the power station. Then, descend 180 feet below ground to access the 2,200-foot tunnel for an extraordinary view of the Falls from the river's edge.

Sainte-Marie among the Hurons

Educational Programming

This nationally significant historic attraction has been offering students curriculum-rich, engaging, hands-on learning opportunities for more than 50 years. Help bring history to life for your students with fun activities and tours that allow them to imagine themselves in the past and get them thinking about people, places and ideas. Learn about the lifestyle and technologies of the Wendat, the First Nation that occupied the area north and west of Lake Simcoe or walk in the footsteps of the Jesuit Fathers who worked to build a self-sufficient mission headquarters in Wendake.

Discovery Harbour

Educational Programming

Take your students back to the 19th century, on the actual site where British warships docked, sailors and soldiers toiled, and settlers carved an existence out of the wilderness. Students of all ages love spending the day reliving history, and learning was never easier. Education programs at Discovery Harbour meet the requirements of the 2023 Ontario Curriculum for History and Geography (Grades 7 and 8) and Social Studies (Grades 3 and 6), by using the inquiry process to explore life in Canada in the first half of the nineteenth century.
